

Seneca Telecommunications, LLC d/b/a Seneca Solutions (Seneca), a Seneca Nation Group company, is one of the wholly-owned subsidiaries of Seneca Holdings, LLC, which is the business arm of the Seneca Nation of Indians. Seneca Nation Group generates over \$100 million in annual revenue from diverse business enterprises focused in both commercial and government markets that directly supports over 8,000 Seneca shareholders. The financial stability and support from the Seneca Nation of Indians enables Seneca to confidently assert our ability to meet customer requirements in ways not normally available from small businesses.

Seneca is a professional services company, providing executive level consulting and programmatic support to federal agency initiatives and programs. We leverage our management expertise, relationships, past performance, and operational capacity to support customer missions both domestic and international.

Seneca is a SBA certified tribally-owned, Native American 8(a), Small Disadvantaged Business (SDB).

The 8(a) acquisition process is efficient with contracts being able to be awarded in days, rather than months. And the tribal status of Seneca makes us exempt from the competitive \$4 million threshold, as stated in 13 CFR 124 and FAR 19.805-1.
